

Prof. Dr. Sabine Strahl

Ruprecht-Karls University Heidelberg
Center for Organismal Studies, COS Heidelberg
Department Cell Chemistry
Im Neuenheimer Feld 360
69120 Heidelberg
Phone: +49 (0) 6221 546286; Email: sabine.strahl@cos.uni-heidelberg.de
http://www.cos.uni-heidelberg.de/index.php/s.strahl?l=_e

Subject and area of research

Glycobiology, membrane and glycoproteins, protein O-mannosyltransferases and functions of O-mannosyl glycans of yeast and mammals, quality control in the endoplasmic reticulum

Academic Education and Career

since 11/2010	Director of Cell Chemistry, Centre for Organismal Studies (COS), Heidelberg University
04/04 – 10/10	Professorship (C3), Institute for Plant Sciences (HIP), Heidelberg University
07/2001	Habilitation (venia legendi) in Cell Biology, University of Regensburg
09/00 – 03/04	Senior group leader, Institute of Cell Biology and Plant Physiology, University of Regensburg
08/2000	Habilitation (venia legendi) in Botany, University of Regensburg
10/96 – 02/00	Junior group leader, Institute of Cell Biology and Plant Physiology, University of Regensburg (mentor: Prof. W. Tanner)
10/95 – 09/96	Research associate, Department of Biological Chemistry, UCLA, Los Angeles, USA
10/93 – 09/95	Postdoctoral fellow, Department of Biological Chemistry, UCLA, Los Angeles, USA (supervisor: Prof. M. Grunstein)
10/91 – 09/93	Postdoctoral fellow, Institute of Cell Biology and Plant Physiology, University of Regensburg (supervisor: Prof. W. Tanner)
06/87 – 07/91	Ph.D. at the Institute of Cell Biology and Plant Physiology of Prof. Dr. W. Tanner, University of Regensburg; degree: Dr. rer. nat.
11/81 – 05/87	Program of study “Diplom” biology at the University of Regensburg; Diploma in Biology

Awards and Appointments

2003	Alfred-Sommerfeld award of the Bavarian Academy of Sciences
2000	Habilitation award of the society Friends of the University of Regensburg
1993-1995	Postdoc Fellowship from the Deutsche Forschungsgemeinschaft (DFG)
1992	Cultural award Ostbayern (Dissertation), OBAG AG Bayern

Activities in the scientific and academic community

Since 2016	Member of the board Heidelberg School of Education
Since 2016	Dean of Studies of the Faculty of Biosciences, Heidelberg University
Since 2013	Member of Heidelberg University Senate committee for equal opportunity issues
Since 2008	Member of the Heidelberg University Ruprecht-Karls doctorate awards jury
2007-2016	Member of the Faculty of Biosciences commission "Qualitätssicherungsmittel"
Since 2006	Member of the commission "Studium Generale", Heidelberg University
Since 2006	Member of the Faculty of Biosciences study commission
2006	Co-organizer of the 3 rd International Meeting on FUNGAL CELL WALL in Heidelberg (with Prof. J. Heinisch, University of Osnabrück)
Ongoing	Ad hoc reviewer for the DFG and other funding agencies
	Regular reviewer in the Glycobiology field (in particular Glycobiology and J. Biol. Chem.) and various other journals (e.g., PNAS, Science)
